Question answered. Yes, Angus Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness.

Druggists were scarce, and they used Angus Flower to clean their mouths and stop toothache. It is a good medicine, regulate the action of the liver, stimulate the nervous and organic system of the system, and that is all they look when feeling dull and had with headaches and other aches. You only need a few drops of Angus Flower in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by J. C. Wood.

With its usual desire to conceal the truth The Courier-Journal failed to mention the dismissal of Mr. W. L. HAZELIP, one of the two men whom it accused of shooting GOEBEL.

The time of the Franklin County Grand Jury has been extended a week, that it may return more indictments against more unknown men who "fired the fatal shot that killed GOEBEL dead!"

It will be well to know, if the Federal Supreme Court decides against TAYLOR, that the people of a state have no redress for the fraudulent acts of a fraudulent Legislature except a resort to arms.

ONE of the latest as well as one of the basest lies told on Governor TAYLOR was that of The New York World, which said he had appealed to Governor ROOSEVELT to protect him from arrest by alleged Kentucky authorities.

The Lincoln Monument at Springfield, Ill., erected over the remains of the great President, was going to ruin after standing only thirty years, and is being rebuilt; but the fame of LINCOLN is immortal, and will endure forever.

In 1861 President LINCOLN said of Kentucky—  
 "She is now in the hands of those who do not represent the people. The sentiment of her state officials must be corrected. We must know what men in Kentucky have the confidence of the people."  
 History has doubled up on itself some more.

The Court of Appeals has decreed that this is the law in Kentucky—  
 "Conceding that there had been fraud after fraud; that there had been bribery and conspiracy; that unfriendly had characterized the selection of contest committees in the Legislature, there is no remedy. It is a power given to the Legislature, and there is no authority to question the manner in which the power has been exercised."

DR. S. B. HARRIEL, the State Senator who sold out to the Goebelites for \$500, then sold out to Colonel JOHN H. WHITTAKER for \$5,000, and then sold back to the Goebelites for the promise of an office—which he didn't get—and whose last "dop" was an open letter splitting "Governor" BECKHAM wide open—this able offshoot of Goebelism has now washed his hands of politics and will kick the Kentucky mud off his shoes and move to Texas. Texas must be all that General SHERIDAN painted it to deserve a fate such as this.

## THE COMMONWEALTH. WILL RETURN TO KENTUCKY.

Taylor Still in Washington and Will Stay There Until After the Contest Argument.

Washington, April 21.—W. S. Taylor, of Kentucky, who has been for several days in New York, returned to the city. His present expectation is to remain in the city until after the disputed governorship contest is argued in the supreme court next week. Whether he will or not, however, it is decided by the court, he has not yet determined. He said he had a very pleasant trip to the metropolis, and admitted that he had conferred with republican leaders about his case. He preferred, however, not to go into the details regarding the conference or to be interviewed regarding other features of the case.

From intimate friends of Mr. Taylor it is ascertained that he has not received any information regarding the indictment charging him with being an accessory to the murder of Mr. Goebel, which it was rumored, had been brought against him by the Frankfort grand jury. They say that even should the decision of the supreme court be against his right to the governorship, it is his present intention to return to Kentucky in spite of whatever proceedings may be instituted against him there.

**BURGARS USE DYNAMITE.**  
 Safe in a Store Broken to Pieces and the Building Badly Wrecked at Carson, Ky.

Warsaw, Ky., April 24.—Sunday night burglars visited the general merchandise store of Benjamin P. Smith, at Carson, in this county, and threw the safe to pieces with dynamite. The charge nearly wrecked the building, blowing out one side and shattering all the glass in the windows. Parts of the iron safe were blown through the ceiling.

Mr. Smith, who resides close by, was aroused and ran to the store, to be confronted by two desperate robbers, who threatened to shoot him if he did not return home. Smith ran back to get his revolver, but his fear, fearing for his personal safety, threw him about his neck and would not let him get out. The robbers carried about \$300 out of the safe, and also took a lot of notes and other valuable papers, and made their escape.
